GitHub: github.com/Lithish779
Email: lithishkumar779@gmail.com
Mobile: +91-7013458576

Skills

- **Languages**: C, C++, JavaScript (ES6+)
- **Frameworks/Libraries**: React.js, Node.js, Express.js, HTML5, CSS3, Flutter, Tailwind CSS
- **Tools/Platforms**: VS Code, Git, GitHub, Postman, Vercel, Cloudinary, Nodemailer
- **Databases**: MySQL, MongoDB (Indexing, Query Optimization)
- **Core Subjects**: Data Structures and Algorithms, OOPS, Operating Systems, DBMS, REST API Design
- **Soft Skills**: Problem-Solving, Time Management, Adaptability, Continuous Learning, Technical Communication

Projects

- **MarketZen — AI-Powered Skincare E-Commerce Platform | GitHub | Live** Oct '25 – Dec '25
  - Built a **full-stack AI-driven skincare e-commerce platform** enabling product browsing, cart management, and secure checkout using the **MERN stack** with **REST**-based communication between frontend and backend services.
  - Integrated **Google Gemini AI** to perform **skin image analysis, smart product search,** and **personalized skincare routine recommendations**, improving product discovery efficiency by **~40%**.
  - Implemented **secure authentication and access control** using **JWT, Google OAuth 2.0, and OTP-based email verification** via **Resend API** to protect user sessions and sensitive operations.
  - Integrated **Razorpay payment gateway** for transaction processing and deployed the application using **Vercel (Frontend)** and **Render (Backend)** with Git-based version control and CI deployment workflow.

  Tech: JavaScript, React.js, Node.js, Express.js, MongoDB, Tailwind CSS, Google Gemini API, JWT, Google OAuth, Razorpay, Resend API, Git, GitHub, Vercel, Render.

- **Patient Monitoring Dashboard | GitHub** Jan '25 – May '25
  - Developed a **web-based patient monitoring dashboard** to manage medical records and health data using **PHP and MySQL**, implementing a structured relational database schema for efficient data storage and retrieval.
  - Designed and implemented **backend services and REST-style endpoints** for patient record creation, updates, and retrieval, enabling seamless communication between the application interface and database layer.
  - Engineered responsive user interfaces using **Bootstrap and Tailwind CSS**, ensuring consistent user experience and layout responsiveness across desktop and mobile devices.
  - Strengthened **data validation and database schema optimization**, improving record accuracy and reducing invalid data entries by **~25% during testing**.

  Tech: HTML5, CSS, JavaScript, Bootstrap, Tailwind CSS, PHP, MySQL

Summer Internship

- **Mobile Application Development Using Flutter | Lovely Professional University | GitHub** Jun '25
  - Developed a cross-platform mobile application using Flutter and Dart, implementing modular UI components and structured navigation flows.
  - Incorporated **Firebase Authentication** and Realtime Database to safeguard user identity and ensure instantaneous data synchronization across devices.
  - Streamlined remote team workflows and debugging protocols, accelerating the deployment pipeline by **15%**.

  Tech: Flutter, Dart, Firebase Authentication, Firebase Realtime Database.

Certifications

- Node.js & MongoDB: Developing Back-end Database Applications | IBM & Coursera | Certificate — Mar '26
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate | Oracle University | Certificate — Oct '25
- ChatGPT-4 Prompt Engineering: Generative AI & LLMs | Infosys Springboard | Certificate — Aug '25
- Cloud Computing | NPTEL / Swayam | Certificate — May '25
- Mastering Data Structures & Algorithms (C & C++) | Neo Collab | Certificate — Dec '24

Achievements

- Solved **150+ Data Structures and Algorithms problems** across LeetCode and other competitive programming platforms, strengthening problem-solving efficiency and algorithmic thinking.
- Collaborated in a high-pressure **24-hour code sprint** to build an AI-assisted fitness dashboard using HTML, CSS, and JavaScript, delivering a responsive UI with voice-driven workout recommendations. Mar '25

Education

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology in Computer Science and Engineering | 7.19 — Aug '23 - Present
- **Sri Siddhartha Junior College** — Madanapalle, Andhra Pradesh
  Intermediate (PCM) | Percentage: 94.4 — Apr '21 – Mar '23
- **S.P.V.B High School** — Mulakalacheruvu, Andhra Pradesh
  Matriculation | Percentage: 99 — Apr '20 – Mar '21
