Projects

Market Zen – AI-Powered Skincare E-Commerce Platform | [GitHub](#) | [Live](#) Dec 2025 – Mar 2026

- Built a **full-stack, AI-driven skincare e-commerce platform with 10+ core features** including product catalog, cart, order management and checkout using the **MERN stack** with **REST-based** communication between frontend and backend services.
- Integrated **Google Gemini AI** to perform **skin image analysis**, **smart product search**, and **personalized skincare routine recommendations**, improving product discovery efficiency by **40%** through **AI-driven** recommendations.
- Implemented **secure authentication and access control** using **JWT**, **Google OAuth 2.0**, and **OTP-based email verification** via **Resend API** to protect user sessions and sensitive operations.
- Incorporated **Razorpay payment gateway** for transaction processing and deployed the application using **Vercel (Frontend)** and **Render (Backend)** with Git-based version control and CI deployment workflow.

Tech: JavaScript, React.js, Node.js, Express.js, MongoDB, Tailwind CSS, Google Gemini API, JWT, Google OAuth, Razorpay

LeaveMS –Enterprise Resource Planning (ERP) Platform | [GitHub](#) | [Live](#) Jan 2026 – Mar 2026

- Architected a production-grade ERP platform (LeaveMS) automating leave management, reimbursement claims, and internal communication across **4 user roles** (Admin, Manager, Employee, Finance).
- Automated leave tracking and **multi-level expense approval workflows**, reducing manual paperwork and improving request processing efficiency.
- Configured **secure receipt upload** using **Cloudinary** and integrated an **audit logging system** to maintain transparency.
- Deployed a **real-time messaging system** using **Socket.io** and a centralized notification engine to enable instant communication between employees and administrators.

Tech: React.js, Node.js, Express.js, MongoDB, Socket.io, JWT, Cloudinary, Vercel, Render

Patient Monitoring Dashboard | [GitHub](#)

Jan 2025 – Mar 2025

- Engineered a **web-based patient monitoring dashboard** to managing **100+** medical records and health data using **PHP and MySQL**, implementing a structured relational database schema for efficient data storage and retrieval.
- Designed and implemented **backend services and RESTful API endpoints** for patient record creation, updates, and retrieval, enabling seamless communication between the application interface and database layer.
- Crafted responsive user interfaces using **Bootstrap and Tailwind CSS**, ensuring consistent user experience and layout responsiveness across desktop and mobile devices.
- Strengthened **data validation and database schema optimization**, reducing invalid data entries by **25% during testing**.

Tech: HTML5, CSS, JavaScript, Bootstrap, Tailwind CSS, PHP, MySQL

Training

Lovely Professional University

Jun 2025 – Aug 2025

Mobile Application Development Using Flutter

- Developed a cross-platform mobile application using Flutter and Dart, implementing modular UI components and structured navigation flows.
- Leveraged Firebase Authentication and Realtime Database for secure user identity management and real-time data sync.
- Streamlined remote team workflows and debugging protocols, accelerating the deployment pipeline by **15%**.

Tech: Flutter, Dart, Firebase Authentication, Firebase Realtime Database

Certification

• Oracle Cloud Infrastructure 2025 Certified Developer Professional | Oracle | [Certificate](#)

Oct 2025

Technical Skills

- | | |
|--------------------------------|---|
| • Web Development: | Responsive Design, CRUD Operations, Authentication (JWT), REST APIs, RBAC, OAuth 2.0, CI/CD |
| • Languages: | C++, C, JavaScript (ES6+) |
| • Frameworks/Libraries: | React.js, Tailwind CSS, Node.js, Express.js, EJS, Socket.io, Bootstrap |
| • Database: | MySQL, MongoDB (Indexing, Query Optimization), Firebase |
| • Tools/Platforms: | Linux, Git, GitHub, Vercel, Render, Multer, Postman, Cloudinary, Nodemailer, Razorpay |
| • Soft Skills: | Problem-Solving, Time Management, Adaptability, Continuous Learning |

Education

Lovely Professional University Punjab
BTech in Computer Science and Engineering

2023 – 2027

Jalandhar, Punjab

Sri Siddhartha Junior College

2021 – 2022

Intermediate (PCM) - **Percentage:** 94.4%

Madanapalli, Andhra Pradesh

S.P.V.B High School

2020 – 2021

Matriculation - **Percentage:** 99%

Mulakalacheruvu, Andhra Pradesh
